

Mission

To provide fun and social opportunities for youth to develop mature citizenship, leadership, a sense of personal achievement, community service and understanding of government.

About

The Providence City Youth Council is open to Providence City youth entering grades 8-12. It is a great opportunity to learn about local government, help solve problems, perform service and build your resume.

Generally, the youth council meets once per month. We plan service opportunities and activities in small committees and meet together to have fun and execute the events.
