

Vocal Stepz

Children's Choir

(Once known as Singing Starz)

Vocal Stepz is a **performing choir** that focuses on exposing children to a large variety of musical and vocal styles, harmonizing, developing listening skills, and preparing children for musical productions. I am the instructor for this choir. I have a passion for the arts, music, and I love teaching children. I have conducted a children's choir, **Singing Starz**, for 8 years and I am currently the music specialist at Providence Elementary. I work very hard to have fun, and educate the children. I am are working towards becoming a premiere children's choir in the valley.

Vocal Stepz is taught in two semesters, the first is September 11 through December 4, (concert Dec 9th) and the Second semester is January 8th through April 9th (Concert April 14th). We meet on **Mondays** to avoid the busier time of the week. Our choir is open for both girls and boys from ages 6 years old (mature 5yr olds) and up. We will meet at **4:30pm – 5:30pm** at Providence City offices.

The cost is \$30.00 dollar a month (Sept, Oct, Nov, Dec, and Jan, Feb, Mar, Apr) with a \$30.00 registration fee due the first day of classes It is \$150 for each semester. You can pay by semester or monthly. If 2 or more members of your family are in the choir there is a sibling discount of only \$25.00 a month per child, it would be \$130 a semester. Invoices will be sent via email so you will be aware of your balance.

Please let others who may be interested know about this opportunity. Space is limited and spots are filling up fast so please contact us if you are interested in joining our choir. I, Keri, can be reached at [\(435\)232-8676](tel:4352328676). You can also email me at vocalstepz.keriswink@gmail.com. Please leave your children's names and ages. We are excited to offer an amazing vocal experience for the children of Cache Valley. Come sing, move, meet new friends, and have a fun time. Also please fill out the attached registration/information form and return it to us as soon as possible.
