Approval by the city of any application submittal or paperwork does not alleviate the owners from their responsibility to understand and conform to local, state and federal laws. Providence City's approval is not intended to and cannot be construed to allow any laws to be violated. Initial _____

By signing this document, you agree that Providence City will bill you for any and all professional firm fees as they arise throughout the approval process. This is in addition to application fees. All subdivisions require engineering review throughout the approval process, such as but not limited to reviews of development agreements, construction drawings, preliminary and final plats, and inspections. These services are billed by our city engineer at an hourly rate. Some subdivision applications may also require legal review. Other applications, such as but not limited to conditional uses, may also require engineering and/or legal review at the City's discretion. You agree to reimburse the City for all such costs, whether or not you were forewarned about such costs, and that the City cannot predict all situations in which professional services may be required in order to process your application. ¹ Public Hearing required at Planning Commission only when the proposed code amendment is related to land use.

² Construction drawings are reviewed/approved by the City Engineer and Public Works Director.

³ The City Council does not review the final plat itself, but rather reviews and approves the development agreement associated with the final plat.

⁴ Lot consolidations are only required to have City approval when they are in a platted/recorded subdivision.

⁵ Developers may ask for an exception from the requirements of the Providence City Subdivision Code (Title 11) through this process. All other variance/exception requests shall be handled by the Appeal Authority
