Dear Providence Resident,

It has come to our attention that you may be in violation of Providence City Code 7-1-3 D, "Obstruction of Street".

### **7-1-3 Obstructions In Streets**

It shall be unlawful for any person owning, occupying or having control of any property to place, or permit to be placed upon or in the sidewalk, park strip, gutter or street:

- D. Obstruction of Street:** It is an infraction and subject to penalty as provided in Section 1-4-1 of this Code for any person to allow vegetation to grow in a manner that obstructs the street. Owners and occupants of real property abutting any public street, curb, gutter, or sidewalk shall keep trimmed or cut back all vegetation which overhangs or grows onto such street, curb, gutter or sidewalk and which impedes or interferes with pedestrian or vehicular traffic or obstructs the vision of drivers of vehicles. If any owner or occupant fails to do so within three (3) days of receiving written notice from the City of a violation of this section, the City may cut back the vegetation and may charge the owner or occupant for the costs of doing so.

Please bring your property into compliance with city code in a timely manner so as to avoid any further action or fines. If you feel you have received this notice in error, or have any questions, please contact me: office – 435-752-9441, email [aprilf@providence.utah.gov](mailto:aprilf@providence.utah.gov), cell – 435-994-1195.

Thank you in advance for your prompt attention to this matter.

Sincerely,

April S. Fredrickson  
Code Compliance Specialist
