May 2022

Business Highlight

The Discovery Family Coalition brings all sectors of the community together to focus on strengthening families and building resilience in youth. We do this by making intentional parenting easy and empowering parents to be prevention specialists in their homes. During the summer we step things up, providing even more Adventures to keep kids bodies active and minds engaged. Of course, the summer Adventures continue to focus on encouraging family bonding and empowering parents. During Summer Passport 2022 we will have a variety of fun options for families to choose from, including

'Discovering Healthy Lifestyles' and 'Discover Utah'. Stay up-to-date on the latest information about this fun summer program at YourSummerPassport.com.
