(APPLICATION) & (ANALYSIS)

- Michael Fortune called item 1, gave a brief introduction and asked Skarlet Bankhead to give an overview of the application and amended plat.
- Skarlet Bankhead gave an overview of the applicants request to amend their final plat. Reviewed with the Planning Commission the plat notes and the staff report with the findings of facts and conclusions of law, which included park service gaps, road improvements, trails for the surrounding area and lot line movement. Ms. Bankhead discussed with the Planning Commission the conditions and the Fire Marshals review letter. Indicated to the Planning Commission that they would need to find good cause in order to approve the request.
- Skarlet Bankhead reviewed with the Planning Commission the new State Law regarding the process to amend plats as it relates to combining lots. Joe Chambers asked what issues they would possibly see if an ordinance was in place allowing property owners the right to combine their own lots. Staff responded that in most cases they wouldn't see any issues other than making sure everyone knew where the utilities where on the properties.
- Hal Andrews, applicant, took the stand and discussed with the Planning Commission his request to combine his lots and his reasoning for doing so.
- Tyler Riggs commented that allowing the owner to combine his lots and allow him to exercise his property rights would show good cause to accept the amended final plat.

Motion to approve the amended final plat for Bentley Subdivision 6 & 7 with the accompanying staff report, which includes the findings of fact, conclusions of law and conditions, with good cause being that the owner is being allowed to exercise his property rights – Tyler Riggs. 2nd – Joe Chambers.
