

PARKING STRIP TREE LIST Providence, Utah

The following are suitable for use as street trees in Providence. Species and cultivars (a contraction of *cultivated varieties*) are included for their superior qualities as street trees. Before planting, careful consideration should be given to existing soil conditions, availability of water, mature size of the tree and overhead obstructions (utility lines, lights, etc.). This list is recommendations only; other species and cultivars may be appropriate. Avoid trees with 1) wide weeping canopies. 2) make sure the species does not sucker heavily or quickly out grow its planting area. Some examples are: quaking aspen, sumac, poplar, cottonwood, silver maple, and willows. 3) Avoid trees that produce large messy fruit or seeds such as horse-chestnut, and some crabapples. 4) Avoid trees that require an acid soil or are intolerant of soil compaction and/or urban conditions for example: birches and flowering dogwoods. 5) Avoid small trees that will never get a tall crown, unless the crown can be contained within the parking strip.

PARKING STRIPS 4-6' WIDE AND/OR UNDER UTILITY LINES

Canada Red Choke Cherry (*Prunus virginiana* 'Schubert')
Washington Hawthorn (*Crataegus phaenopyrum*)
Spring Snow Crab (*Malus* 'Spring Snow')
Harvest Gold Crabapple (*Malus* 'Hargozam')
Snowdrift Crab (*Malus* 'Snowdrift')
Professor Sprenger Crab (*Malus* 'Professor Sprenger')
Yellowwood (*Cladrastis kentukea*)
Canyon Maple (*Acer grandidentatum*) ◀
Katsuratree (*Cercidiphyllum japonicum*)
Japanese Tree Lilac (*Syringa reticulata*)
Goldenraintree (*Koelreuteria paniculata*)
Globe Norway Maple (*Acer platanoides* 'Globosum')
Leprechaun Ash (*Fraxinus pennsylvanica* 'Johnson')
Hedge Maple (*Acer campestre*)
Lavelle Hawthorn (*Crataegus x lavellei*)
Flowering Pear (*Pyrus calleryana*)*
Eastern Redbud (*Cercis canadensis*)
Moraine Sweetgum (*Liquidambar styraciflua* 'Moraine')

PARKING STRIPS 6-10' WIDE

American Linden (*Tilia americana*)
Littleleaf Linden (*Tilia cordata*)*
Norway Maple (*Acer platanoides*)*
Bur Oak (*Quercus macrocarpa*) ◀
English Oak (*Quercus robur*)
Gambel Oak (*Quercus gambelii*) ◀
Chinkapin Oak (*Quercus muehlenbergii*) ◀
Swamp White Oak (*Quercus bicolor*)
Sawtooth Oak (*Quercus acutissima*) ◀
Turkey Oak (*Quercus cerris*) ◀
Sycamore Maple (*Acer pseudoplatanus*)
Tatarian Maple (*Acer tataricum*)
Trident Maple (*Acer buergerianum*)
Moraine Sweetgum (*Liquidambar styraciflua* 'Moraine')
